Why work with us?

We are a boutique graphic design studio. We specialise in logo design and visual brand identity design for print and digital.

We are a small and relaxed graphic design studio based in Auckland. We offer full graphic design services with focus on logo design and visual brand identity design for small to medium sized businesses.

Studio Nine was founded by Katrina Knapp, a graphic designer with over 13 years of experience in both advertising and design agencies where she worked on national and international accounts. She has obtained her design qualifications from AUT University.

We work a little bit different to other design studios and agencies. Working with us you'll deal directly with Katrina, rather than an account manager or a middleman. So at the end of a project you only pay for the design rather than design and account management fee.

At Studio Nine we believe that any successful brand starts with a great idea followed by a beautifully designed brand identity that reflects your brand's personality and speaks to your target audience.

Flick us an email or give us a call for a free consultation to discuss your brand's visual identity.

Thank you for
getting in touch
and considering
working with us.
